PROJECTS

Almasrya Laser Website

Industrial Manufacturing Website

- Designed and developed a professional website for a manufacturing company specializing in sheet metal cutting and industrial fabrication services.
- Created responsive service pages highlighting the company's capabilities, production processes, and contact channels.
- Implemented a modern user interface that improved content presentation and accessibility across devices.

Electrical Engineer Portfolio

Professional Portfolio Website

- Built a modern portfolio website to showcase engineering projects, technical expertise, certifications, and professional achievements.
- Developed a clean and structured layout focused on usability and professional presentation.
- Optimized the website for mobile, tablet, and desktop viewing experiences.

Graphic Designer Portfolio

Creative Portfolio Website

- Developed a portfolio platform for showcasing graphic design work, branding projects, and creative case studies.
- Focused on visual hierarchy, presentation quality, and user engagement.
- Implemented responsive gallery layouts and smooth navigation for an enhanced browsing experience.

Online Wedding Invitation

Interactive Event Invitation Platform

- Created a fully responsive digital wedding invitation featuring event details, RSVP functionality, location information, and schedule sections.
- Designed an elegant user experience tailored for both desktop and mobile users.
- Focused on performance, accessibility, and visual appeal.

Social Media Specialist Portfolio

Personal Branding Website

- Built a professional portfolio website for a social media specialist to showcase marketing campaigns, achievements, and services.
- Designed modern landing pages focused on credibility, engagement, and lead generation.
- Developed responsive layouts and optimized user flows to improve visitor interaction.
